**More financial flexibility.  
More cost control.  
More peace of mind.**

---

**Introducing Small Group Balanced Funding from**

An Independent Licensee of the Blue Cross and Blue Shield Association

---

# Can my group benefits plan really do all that?

Yep. If you have Small Group  
Balanced Funding from Highmark.

---

# Here's a solution that makes it all possible.

In insurance-speak, balanced funding combines fixed monthly payments with ASO (Administrative Services Only) benefits administration from Highmark — and adds Stop-Loss insurance\* to protect your cashflow.

**In plain-speak, that means:**

## Level Funded

Your employee benefits plan costs the same, predictable amount every month — which makes it easier to stay on budget.

## ASO

You won't get bogged down in all the paperwork associated with claims administration.

## Stop-Loss Insurance

You're not on the hook for all of the risk in case of large, expensive, or numerous claims.

**Got it? Good. Let's dig a little deeper.**

\*Stop-Loss coverage is provided solely by a separate company, HM Life Insurance Company, which does not provide Blue Cross and/or Blue Shield products or services. Speak with your sales rep for more information.

---

**This isn't health care  
coverage-as-usual.**

But for the right business at the right time,  
it can be the right call.

---

# Here's what sets it apart.

Balanced funding borrows elements from other traditional benefits plans — and adds protection from worst-case scenarios with Stop-Loss coverage.

Plus, you could potentially get money back. Which is always nice.

## Fully insured plans

**You pay a monthly premium.** Your health insurer handles everything else.

## Balanced-funded plans

You pay an agreed-upon, flat monthly amount that is deducted from a designated bank account to cover projected claims and fees. Separate Stop-Loss coverage protects you from overages. If you don't spend all the money set aside during your plan year, you'll receive a portion of the surplus.

## Self-funded (ASO) plans

You pay claims as they come in, and **you pay your benefit claims administrator to handle the administrative stuff.**

Traditionally, ASO has been a great option for large corporations with a healthy, stable employee base to save on claims expenses. Now, small businesses that enroll between 15 and 50 employees can get in on the benefits, too. Like yours.

---

**Think you may  
be the right business  
at the right time?**

Here's a gut check just to be sure.

---

# Three questions you should ask yourself before signing on.

1

## How healthy are my employees?

A healthy workforce means fewer claims, which means lower costs and less risk to your cashflow.

2

## Is the size of my workforce stable?

This type of plan works best if you have a steady employee population with stable claims, so if you're planning to expand or downsize, it may not be the right time for this type of group plan.

3

## How does access to additional reporting sound?

ASO reporting provides valuable insights into how your group is running.

---

**Phew.**  
**That's a lot to process.**

But now let's get to the good stuff —  
how Small Group Balanced Funding  
could benefit you.

---

# Five big advantages. Maybe more.

1

## **You know what your payments will be**

month in and month out, with no peaks or valleys.

---

2

## **You have the flexibility**

to pick the right Highmark plan for your company's and your employees' needs.

---

3

## **Your employees enjoy the same, great access**

to affordable, quality care close to home, coast to coast, and around the world.

---

4

## **You're protected**

from the risk of catastrophic or multiple claims by Stop-Loss coverage.\*

Think of it as insurance for your insurance.

---

5

## **You see how your health care dollars are being spent**

and how you can optimize them with performance reports. Plus, time-consuming administrative stuff, like claims processing and customer service, is taken care of for you.

**OK, there's a sixth.**

**You could get money back at the end of your contract. Read on to find out how.**

\* Stop-Loss coverage is provided solely by a separate company, HM Life Insurance Company, which does not provide Blue Cross and/or Blue Shield products or services.

---

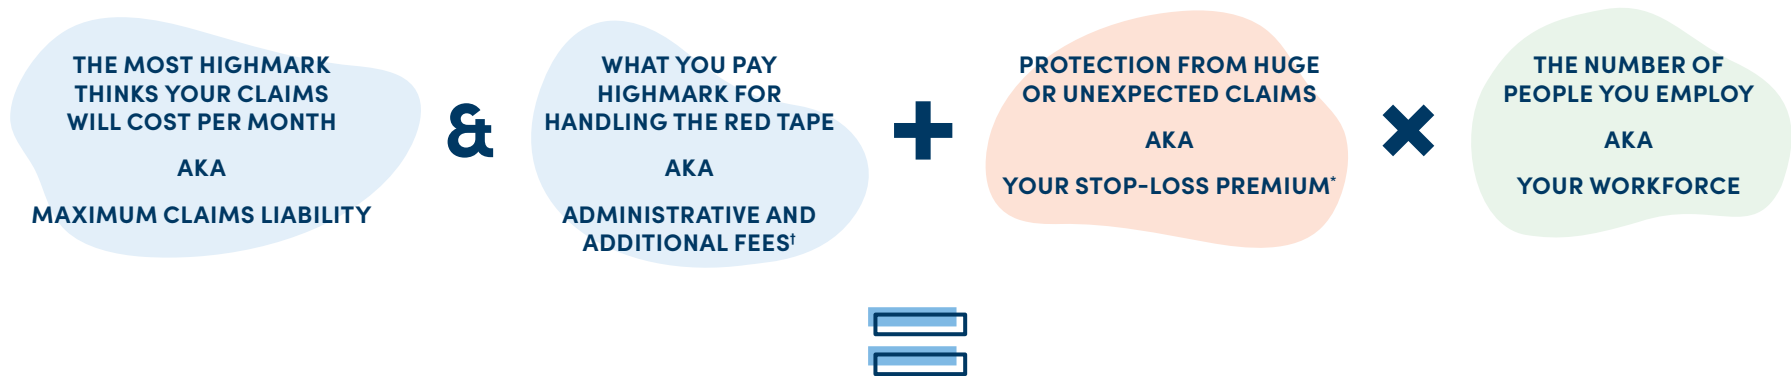

# All good? Great.

Let's dig in to how it all works.

---

# First, you'll open a specially designated bank account.

Every month, you'll make a deposit into your designated banking account. This amount won't change unless your enrollment changes — but as a reminder, you'll get a funding statement each month.

## HOW MUCH YOU DEPOSIT EACH MONTH

### ADDITIONAL FEES

- Pre- and post-claim recovery services
- Coordination of benefits services
- Claim repricing
- Value-based programs
- State surcharges (if applicable)

Please note that you're responsible for any account service fees charged by your bank. These fees are not part of your claims billing.

<sup>†</sup>There's a glossary on page 23 and a list of provided admin services on 13 — take a look.

\*Stop-Loss coverage is provided solely by a separate company, HM Life Insurance Company, which does not provide Blue Cross and/or Blue Shield products or services.

---

# Here's how your claims get paid.

**With Small Group Balanced Funding,  
it's super easy.**

---

# Next, you'll get a withdrawal statement like this one each week.

## It tallies your actual claims against your monthly payment.

The amount due will draw directly from your designated bank account on the specified date.

If it's less than the money you've set aside, only the amount you owe will be deducted. The rest stays in your account.

If it's more than what you've set aside, only the amount available will be withdrawn. Hopefully that never happens. But if it does, you have Stop-Loss insurance.\* You will not receive an extra bill for the overage.

If there's money left over in your account when your plan year wraps up, congrats! A portion of those savings will come back to you. Your Highmark rep will be happy to break it down for you.

# Who's eligible and who's not.

**AKA the fine print from  
Highmark's underwriters.**

---

# Plan eligibility criteria:

The following are eligible for coverage under the plan.

## ELIGIBLE EMPLOYEES

Active, full-time employees, officers, or partners of the plan sponsor (Sponsor). Full-time employees are those working a minimum of twenty (20) hours per week at least nine (9) months per year. These include those who are on leave for vacation, sick time (in accordance with Sponsor's bona fide sick policy), or under the Family Medical Leave Act of 1996. Please note the following:

- Employees who do not enroll during their eligible enrollment period or special enrollment periods (aka late entrants) are not covered.
- New hires are not considered late entrants unless they have a qualifying event. Medical applications are not required for legitimate new hires. Required adjustments for new hires are made at renewal.

## ELIGIBLE SPOUSE OR DOMESTIC PARTNER AND DEPENDENTS

The employee's legal spouse or domestic partner and any dependent children under the age of 26.

## CONTINUATION OF COVERAGE

Individuals covered by group health plans sponsored by employers that employed at least 20 employees on typical business days in the preceding calendar year are allowed to continue coverage lost due to certain qualifying events (e.g., loss of employment). These qualified beneficiaries may continue coverage under COBRA coverage if elected and paid for in accordance with the timeframes established under federal law.

---

**There's one last  
benefit you shouldn't  
overlook ...**

**Happy, healthy employees.**

---

# Because here's what they get with Highmark:

## Coverage here, there, and everywhere.

Employees get in-network access to 96% of hospitals and 95% of doctors in the country. And they're covered in 190 countries worldwide.\*

## Total support, day or night.

Whether it's 24/7 answers from registered nurses and health coaches, video chats with health professionals without leaving home, or just some help booking doctor visits — when your employees need us, Highmark is there.

## Easy access to top-performing specialists.

Thousands of network doctors and hospitals have Blue Distinction® status for their exceptional safety and superior results. That means great specialty care across the board. Easy-peasy.

\*According to the Blue Cross and Blue Shield Association

---

**It's easy for your  
employees to find  
and get quality care...**

---

#### MYCARE NAVIGATOR

## Easy-to-book appointments.

We'll help your employees find the in-network doctor they need and reserve some space on their calendar for a checkup. Which means less of their work day listening to on-hold music.

#### NO REFERRALS

## No referrals, no red tape.

There's no need to go to an appointment just to get another appointment. Your employees can see whichever in-network doctors they want to see. No hoops, no hoopla.

#### BLUE DISTINCTION

## Specialists who get better results.

Only doctors who consistently deliver safe, effective treatments make the Blue Distinction list. So your employees can cherry pick a top-performing specialist for any care they need. Which is pretty sweet.

#### VIRTUAL MEDICINE

## Face to face with a doctor, 24/7.

For non-emergency care, your employees can see a doctor and get a diagnosis, treatment plan, or prescription any time, without even leaving the couch — or spreading germs around the office — on their smartphone, tablet, or computer.

---

**... and for them to  
get answers and  
stay healthy.**

---

#### BLUES ON CALL

## Answers from a health pro, 24/7.

For medical concerns after hours, your employees can get guidance from a registered nurse or a health coach any time and put their worries to bed.

#### ONLINE TOOLS/MEMBER PORTAL

## Their entire plan at their fingertips.

No more searching for old files or waiting on snail mail. Digital ID cards, care-finding tools, deductible progress, and claims status are all available online at [highmarkblueshield.com](https://highmarkblueshield.com) or via the Highmark Plan app, available in the app store or at Google Play.

#### COST ESTIMATOR

## Know what's owed for care.

Before making an appointment for a test, scan, or procedure, Cost Estimator at [highmarkblueshield.com](https://highmarkblueshield.com) helps your employees avoid a surprise on their bill after the fact.

#### WELL 360

## Personalized support for health goals.

Whether they're trying to lose weight or quit smoking, your employees can get lifestyle tips, trackers to measure progress, and resources to make healthy choices and keep them motivated.

# Know the lingo.

**Small Group Balanced Funding  
has its own specialized terminology.**

---

# Glossary

## **ASO (ADMINISTRATIVE SERVICES ONLY)**

When an organization funds its own employee benefit plan but hires an outside firm to perform specific administrative services, such as customer service or claims processing.

## **BALANCED FUNDING**

A type of self-funding in which you pay a fixed amount each month based on projected claims. At the end of the plan year, your maximum liability amount is compared to claims paid. If you paid in more than you spent, you could receive the surplus.

## **FIXED COSTS**

Your administrative fees plus your Stop-Loss premiums. This can vary based on your enrollment. Additional fees apply.

## **MAXIMUM CLAIM LIABILITY**

A dollar amount, based on total number of employees and projected claims, estimating the most your insurer thinks you will spend on claims over the course of your plan year.

## **PLAN YEAR**

The 12-month period during which benefits are provided and your employees' deductibles and coinsurance accumulate toward out-of-pocket maximums.

## **SELF-FUNDING**

An arrangement in which the employer takes over the responsibility of paying claims as they come in rather than paying monthly premiums.

## **STOP-LOSS**

A type of insurance that protects employers from the financial risks of costly, multiple, or unexpected claims. There are two types of Stop-Loss coverage: aggregate (group) and specific (member).

Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. Blue Distinction Total Care ("Total Care") providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details are displayed on [www.bcbs.com](http://www.bcbs.com). Individual outcomes may vary.

For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment.
