Aetna Funding AdvantageSM IMQ Elite We'll take it from here

The easiest way to handle Individual Medical Questionnaires (IMQs)? Have us handle them for you. With IMQ Elite, we handle all aspects of collecting and submitting IMQs for Aetna Funding Advantage (AFA) proposals. It's free and simple — just send the group information and a census to our IMQ Elite mailbox and we'll make magic happen.

Why IMQs? Using IMQs with AFA gets your groups a more precise rating, which means the potential for lower monthly costs, more stable renewals and higher surplus payouts. Plus, we make IMQs so easy, that the real question is, why not?

Check out the details on the next page.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna Funding Advantage (AFA) plans are self-funded, meaning the benefits coverage is offered by the employer. Aetna Life Insurance Company only provides administrative services and offers stop-loss insurance coverage to the employer.

It's just so easy

AFA IMQ Elite Process

Here's how IMQ Elite works:

1

Email AFAHealthAppSupport@aetna.com with quote cover sheet and member level census (ideally with employee email addresses)

2

Employees will be invited to complete a digital IMQ through our secure portal

3

Once all members complete their IMQ, we'll submit the group to Underwriting for a quote — we'll also follow up on any stragglers

AFA IMQ Elite takes the work off your plate. All you need to do is send a request to our email inbox with a completed quote cover sheet and member level census. We'll either need all employee email addresses in the member level census or the group's HR administrator's email address to invite members to complete an IMQ.

Employees will be invited to complete their IMQ on a secure, digital portal powered by FormFire. We've programmed a smart IMQ — it asks the right level of questions based on what we already know about the member, and it only asks a small set of high-level questions unless a member has conditions we need more details on.

We'll monitor IMQ progress, send reminders (if needed) and submit all IMQs to Underwriting. Then, you'll get your AFA proposal the same way you do today.
